SPIE Advanced Lithography 2020

Exhibition: 25–26 February 2020
Conferences and Courses: 23–27 February 2020
San Jose, California USA

The key event that drives the future of lithography research and applications

- 2,100 Attendees
- 50+ Exhibiting Companies
- 7 Conferences
- 15 Courses
- 450 Technical Papers

Become a sponsor or exhibitor at the industry’s most important event for lithography R&D, applications, sources, devices, tools, fabrication, and services. SPIE offers marketing opportunities to help you showcase your organization to leaders in the semiconductor industry.

Become a sponsor: spie.org/al20sponsor
Become an exhibitor: spie.org/al20exhibitor

SIGN UP TODAY
Get in front of leaders from the semiconductor industry

Find the sponsorship that fits your needs and budget, from receptions or lanyards to the plenary or the conference app. Become a sponsor and download the sponsorship contract for a full list of options and pricing.

Sponsors are recognized in pre-show publicity, online, and at the show. Exhibitors get discount rates; non-exhibitor pricing is also available.

18 sponsors at Advanced Lithography in 2019

- Applied Materials
- ASML
- Canon
- Dupont
- Edwards
- EMD Performance Materials
- Gigaphoton
- Hitachi High Technologies
- Irresistible Materials
- KLA
- Lam Research
- Mentor Graphics
- Nikon
- NOVA Measuring Instruments
- NuFlare
- Qoniac GmbH
- SCREEN
- TEL
- Carl Zeiss

List your corporate event in the onsite materials to boost your attendance.

Some sponsorships have limited availability and some are exclusive, so secure your sponsorship today.

It’s global.
2,100 attended SPIE Advanced Lithography in 2019.

It’s business.
Job functions — with research and development makes up 39% of total attendance.

It’s a buyer-rich environment for the lithography industry.

Top purchase areas:
- Lithographic Equipment
- Nanotechnology Products
- Materials, Abrasives, Chemicals
- Software
- Microtechnology
- Cameras and Imaging Systems
- Test and Measurement Equipment
- Microscopes
- Computing, Data Processing Hardware
- Optical Coatings, Thin Films
- Detectors, Sensors
- Lasers and Systems
Get in front of this targeted audience by becoming a sponsor or exhibitor at SPIE Advanced Lithography 2020.
