3. **Details of Chapter activities since last report.**

1. recruit new members

   We recruited new members in various ways. We advertised and introduced SPIE Student Club through the network and some posters; many students join us for the attractive activities and conferences held by SPIE.
2. held a dinner party to welcome the new members

   We gave the new members of our chapter a warm welcome by holding a dinner party. During the dinner party, Professor Leng, the advisor of our chapter, introduced our chapter and the SPIE Student Club to the new members. All students showed great interest. Then the new members are asked to introduce themselves, the old members shared their experience. Everyone enjoyed their times. During the discussion, they were pleased to provide advices about the future activities planning and the management of the chapter. At last, President Huang gave a short conclusion. And the new officers are elected.

3. made new member cards

   We have made the name cards for the members.

4. attended the SPIE conference

   The secretary of our chapter attended the SPIE Student Chapter Leadership Workshop and the Optics & Photonics conference 2011 in San Diego. She brought us new thoughts and ideas on the management of the chapter from the international conference.

5. group activity

   In order to build a harmonic and relaxed atmosphere, we choose the Shanghai Happy Valley as the activity place. The members enjoyed a good time when we discussed the development of SPIE Student Club, and we harvest much. And on the other hand, the relationships between
the members are closer, which is easier for the expansion of our chapter.

6. one sponsor of the 2011 Pacific-Rim Laser Damage conference

All the SPIE Student Club members worked together for the successful convocation of the conference. In the process of preparation, we felt we were closer to SPIE and made more people know SPIE.

7. organized some lectures with other organization

We invited some famous scientists to give a lecture in our institute.

8. prepared for the visiting lecture program

The secretary of our chapter has invited Dr. Joseph M. Howard to come to SIOM to do lecture. He will come on the right time.

4. **Details of planned activities for the future**

1. Hold a dinner party to welcome the new members and elect the new officers.

2. Complete the coming visiting lecture program.

3. Make the name cards for the members.

4. Hold some academic lectures associated with optics and photonics.

5. Hold a meeting with other chapter in China for the experience exchange and research problems discussion.

6. Organize a relaxation activity.

7. Several internal discussions in our chapter.
