Chapter History

2007-2008

President: Leilei Zhang
Vice-President: Yang Zhou
Secretary: Jin Fan
Treasurer: Changsi Cai

2006-2007

President: Chuanqing Zhou
Vice President: Huaxu Liu
Secretary: Zhiping Yao
Treasurer: Huaxu Liu

2005-2006

President: KailaiLiang
Vice President: TaojiongWu
Secretary: ShigangWei
Treasurer: JianxiaShao

2004-2005

President: QiLi
Vice President: ShengVikCheng
Secretary: HuayongGe
Treasurer: HaiboZhou

Details of Chapter Activities

(January—June)

Current Activities

6th January, 2007

A seminar was held among the members of our chapter and some experts were invited.

Current Activities

Time: 18th January, 2007

Activity: Workshop On Adaptive Optics

Current Activities

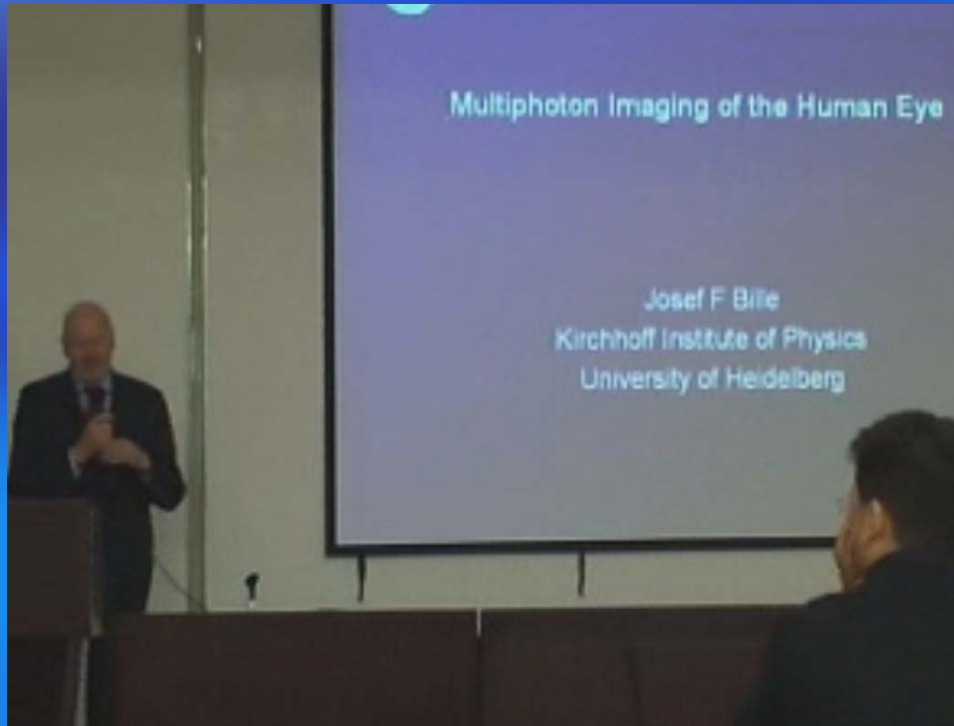

Guest Lecture

Time: 3rd March, 2007

Place: Institute for Laser medicine & Bio-photonics

Speaker: Professor Josef F Bille, University of Heidelberg

Topic: Multi-photon Imaging of the Human Eye

Current Activities

Chapter members building activities

Time: 15th March, 2007

Activity: Have a dinner together

Current Activities

Time:

21st~23rd March, 2007

Activity:

Several of our chapter members were selected to attend the 2007 Electronics & Production China 2007 With PCIM China which was held in Shanghai

Current Activities

Time: 29th March,2007

Place: Institute for Laser medicine & Bio-photonics

Seminar: The Recent Scientific Development on Optics

Current Activities

Time: 2nd April, 2007

Visiting Renji Hospital

Renji Hospital is one of the most famous hospitals in China.

Current Activities

We also invited some famous experts in the field of optics to visit the Institute for Laser medicine & Bio-photonics. The foreign scientists have known more about the recent development of the optic scientific research in China.

Current Activities

Guest Lecture

Time: 4th April, 2007

Place: Conference Room of Biomedical Department

Topic: Innovation in Laser Medicine and Bio-photonics

Current Activities

Guest Lecture

Time: 25th April, 2007

Place: Conference Room of Biomedical Department

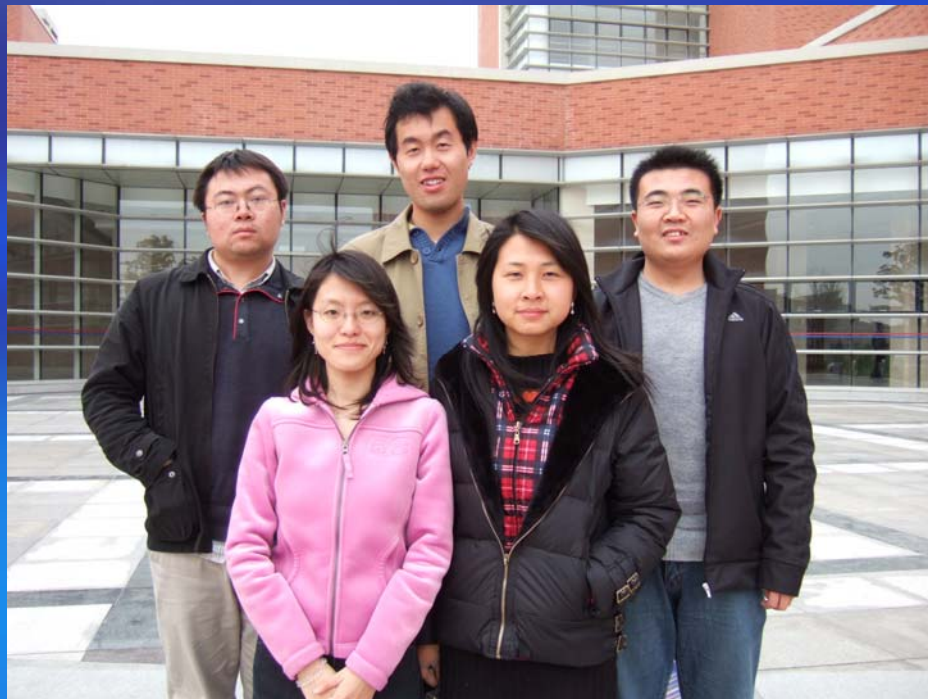

Topic: Bridging Basic and Translational Research

Current Activities

Time: 23rd~25th May,2007

Activity: Several of our chapter members were selected to attend the 2007 IEEE/ICME International Conference on Complex Medical Engineering-CME2007 which is held in Beijing

Following Activities

- Visit more fellow institute in China and communicate with the students and directors
- Try to attend more international conferences
- Invite more speakers to give us lectures to broad our view
