Our chapter has been active this past year in organizing seminars, workshops, and attending conferences abroad. We are summarizing in this report the main activities that we were involved in, the last year.

## 1. Outreach & Education Activities:

The Optics and Photonics Tunisia student chapter organized a scientific school and performed hands on activities, reaching around 100 students.

### **Activity 1: Hands on Activity Secondary School.**

**May 29<sup>th</sup> 2018:** The event took place in Kalaat El Andalous secondary school, Ariana. More than 100 students attended the event.

## 2. Conferences & Workshops:

### **Activity 4: Visiting lecturer “Dr. Yaseera Ismail”**

**December 10<sup>th</sup>-13<sup>rd</sup> 2018:** Dr Yaseera Ismail visited the Optics & Photonics Tunisia Student Chapter from 10 to 13 December 2018. During her stay she gave a series of lectures to both the members of the chapter and researchers of Sup'com. She also spent a lot of time with the members of the chapter.

## **Future Activities: 2019-2020**

In 2019, we are aiming to organize the following activities:

**27<sup>th</sup> April 2019:** Presenting the OPTSC in “Journée Portes Ouvertes”.

**November 2019:** we aim to organize a winter school. We aim to invite graduate students and researchers in optical communication systems. The school consists of lectures given by experts in the field of optical systems from both industry and academia. It also includes poster and oral presentations by participating Ph.D. students.

**January 2020:** Hands on activity in Kelibia secondary school.

## **OPTSC Financial Information**
