1. Elected officers
   - President: Mr. Ronen Adato, adator@eng.uah.edu, elected 3/9/2007
   - Vice-President: Ms. Elaine Poche, elainepoche@gmail.com, elected 3/9/2007
   - Treasurer: Mr. Brandon McBride, mcbridebe@gmail.com, elected 3/9/2007
   - Secretary: Mr. Michael Davenport, ml_davenport@comcast.net, elected 3/9/2007

2. Current members
   - Mr. Ronen Adato
   - Ms. Clarissa Byrd
   - Ms. Amanda Duffell
   - Mr. Martin Heimbeck
   - Mr. Adam Hendrickson
   - Mr. Hai Sheng Leong
   - Mr. Fei Liu
   - Ms. Elaine Poche
   - Mr. Prashant Raman
   - Mr. Jared Webster
   - Mr. Yang Zou

3. Chapter activities
   We have recently made a great effort to increase membership. A meeting was held on 3/2/2007 to recruit new members and to improve participation among current members. The officers, and UAH professors Dr. Guo and Dr. Linquist, discussed the many benefits of SPIE membership and the importance of student participation in the chapter with students attending the meeting. This has resulted in a significant increase in membership.

   Officers for all positions were elected on 3/9/2007. We are currently in the process of re-chartering with the UAH student government, and obtaining webspace for the Chapter webpage. The webpage is currently under construction and can be found at its temporary location, www.eng.uah.edu/~adator.

   We also encourage all members to attend HEOS (Huntsville Electro-Optical Society) meetings and events to promote interaction with optics professionals.

4. Future planned activities
   We plan to hold monthly informal seminars during lunch time on Fridays, where a professor, graduate student or local professional involved in interesting research can present it and discuss it with students. We will hold our first one Friday, 3/30/2007.

   In addition, UAH will hold an engineering day on 4/20/2007. We plan to set up a booth with some interesting optics demonstrations. Also, HEOS is planning their annual optics cookout and have extended the opportunity for our chapter to contribute to the effort. We will volunteer our efforts at the event.

   We are currently involved in the details of planning educational activities with local k-12 students and science fairs, selecting a guest lecturer to invite and setting up tours of local facilities. Another long term goal of our members is to help facilitate optics related co-operative education work positions within the Huntsville community, as right now none can be found through the UAH Co-op office.

5. Finances
   No financial activity has taken place since the last report. Treasurer Brandon McBride will complete a budget for future activities and apply for funding.
