3. We held a large guest speaker event entitled “Optical Technology Start-ups: Perspectives and Pearls from the Bench” given by T. Scott Rowe. The event was attended by more than 150+ students, academics and professionals throughout the community. These events were not part of a funding request. Although we did use chapter funds to promote and cater the event.

4. We plan to have a similar very large event every fall. We are also planning outreach events this Spring quarter. We plan to hold an event on May 16th entitled “Light at the end of the tunnel: Careers in Optics and Photonics” given by Lisa Tsufura (CVI Melles Griot) and Donn Silberman (UC Irvine).

5. Beginning Balance: $1030.00  
Funds Raised: $0.00  
Funds Expended:  
Advertisement in UCSD magazine to promote meetings and events to 7,000 current and incoming students $440.00  
Flyers to promote meetings and events $200  
Catering of events: $130.00  
Ending Balance: 260.00
