

Student Chapter Annual Report 2010

University of Dayton

Officers

President	Jeffrey Kraczek	003314008	kraczejr@notes.udayton.edu
Vice-President	Maureen Crotty	03376822	mo.crotty@gmail.com
Secretary	Aaron Seidel	3331233	seidelal@notes.udayton.edu
Treasurer	Ryan Feavers	03372796	feaverrk@notes.udayton.edu
Webmaster	Jian Gao	3181147	gaojianz@gmail.com
Advisor	Qiwen Zhan		

Membership

Rola Avlo	30 June 2011
Robert Brown	29 September 2011
Weibin Chen	30 November 2011
Wen Cheng	30 June 2011
Maureen Crotty	30 September 2011
Ryan Feaver	29 August 2011
Nkorni Katte	6 February 2012
Jeffrey Kraczek	10 December 2011
Han Li	4 February 2012
Joseph Reiersen	6 January 2012
Aaron Seidel	4 March 2012
Shiyi Wang	10 February 2012
Hailing Yue	16 June 2011

Activities

Pie Day

To celebrate pi, on March 12th we had a luncheon for all members, potential members, and faculty. In addition to pizza, and pie we had a speaker talk to the incoming master students about why they should join SPIE. The speaker also encouraged the other students who had not yet joined to highly consider joining.

Annual Spring Picnic

The UD SPIE Chapter sponsored a spring picnic May 15th for all Electro-optics faculty, students, staff, and family. The event allowed the attendees to get to know one another, and have some much needed fun. The picnic started at noon and continued through the afternoon. Attendees had fun congregating around the grill in order to be warm.

Spring Luncheon

Due to the cold weather there was a lot of food left over. Students, Faculty, and Staff were invited to attend a luncheon in order to finish the food from the picnic. All in attendance enjoyed taking the time to associate with each other.

Annual Fall Picnic

We also sponsored a fall picnic September 25th again for all Electro-optics faculty, students, staff and family. This event allowed the incoming students to associate with the professors and other students. All had a great day. It started at noon and continued through the afternoon. This picnic had record attendance.

Fall Luncheon

Although the Fall Picnic had record attendance there was a lot of food left over. We borrowed a grill from the school facilities department and grilled the remaining food. In addition to eating, chapter officers were elected.

Outreach

Tech Fest

On February 20th Sinclair Community College sponsored a weekend where other schools and companies were able to come and show and demonstrate their area of science. Allowing members of the community to learn and see the different things that those in the area are doing.

We displayed a laser communications system using fiber optics and a microphone, holograms, spectrometer, and polarization. We also used a fish tank to show TIR. We estimate that approximately 350 people visited our booth, though with more than 2000 in attendance it could have been many more.

General Meetings

January 15 – We discussed what would be shown at Tech Fest.

February 12 – We discussed who would help out at Tech Fest and the logistics.

February 26 – We elected officers.

March 12 – Students were encouraged to join SPIE.

September 10 – We invited all new students to join SPIE and get involved.

October 1 – We elected officers.

November 12 – We discussed ideas for activities.
