Víctor Torres Brauer
Elías Rodríguez
Juan Gilberto Valerio Jácome
Diego García Hernández
Francisco Morales Bautista
José Gustavo Vásquez Espinoza

Details of Chapter activities

During this year the student chapter looked not to active. It is of my knowledge that members of this chapter did not ask for any financial resources. However some member students helped to organize and assist to some speech in our faculty, and also developed outreach activities. Some student members tried to promote the chapter by expositions in “La Feria de la Luz” (Fair of Light – Applied Optics Laboratory at Physics Faculty in Universidad Veracruzana).

Seminario de la Facultad de Física
Agosto-Enero de 2016

“Laboratorio de Microscopía Óptica Avanzada”
Luis Alberto Cruz Silva
El Instituto de Ecología A. C.

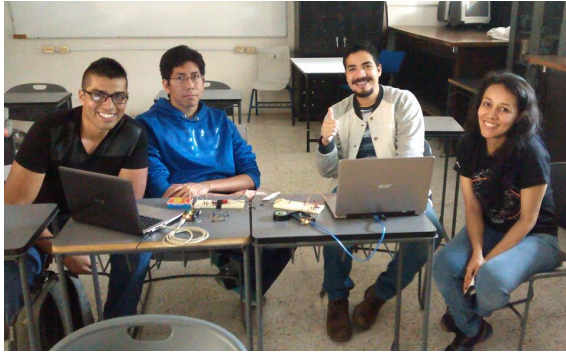

Seminario de la Facultad de Física
Agosto-Enero de 2016

“Optomecánica con cristales líquidos y partículas quirales”

Dr. Josué Hernández
Consiglio Nazionale delle Ricerche (CNR)-Nanotec; Italia

Some of these activities are evident, for example, at the dates of august 4th and 26th, September 2nd and 21th, and in December 4th, in our official facebook link:
<https://www.facebook.com/Laboratorio-de-%C3%93ptica-Aplicada-476651725741704/>

Unfortunate no one of the student committee wanted to be responsible to write this report, for that reason, I advisor of this chapter, present this report.

**Xalapa, Ver. México.
December of 2016.
Héctor Hugo Cerecedo-Núñez,
SPIE Student Chapter,
Universidad Veracruzana,
Advisor.**
