

Yerevan State University and NAS RA
Student Chapter

Annual Report

This report includes:

1. Names, email addresses, and Member numbers of elected Officers.
2. List of current Student Chapter Members.
3. Details of Chapter activities since last report.
4. Details of planned activities for the future.
5. Financial information.

1. Names, email addresses, and Member numbers of elected Officers.

Name	EMail	SPIE ID	Position
Diana Antonosyan	dantonosyan@gmail.com	03159962	President
Lilit Hovhannisyan	lhovhannisyan@gmail.com	03159960	Vice President
Mikayel Arzaqantsyan	arzmikayel@gmail.com	03095770	Secretary
Anna Raymers	annraymers@gmail.com	03159975	Treasurer

2. List of current Student Chapter Members

No	Name	Surname
1	Anna	Raymers
2	Hrayr	Azizbekyan
3	Stepan	Hovsepyan
4	Tigran	Dadalyan
5	Anahit	Gogyan
6	Karen	Vardanyan
7	Levon	Yeghiazaryan
8	Diana	Antonosyan
9	Arada	Malekian
10	Mikayel	Arzakantsyan
11	Lilit	Hovhannisyan
12	Nikolay	Balasanyan
13	Aram	Davtyan
14	Hermine	Garagulyan
15	Narine	Gevorgyan
16	Armen	Sargsyan
17	Paytsar	Mantashyan
18	Ani	Nersisyan
19	Vahan	Nanumyan
20	Arman	Margaryan
21	Sevada	Hovsepyan
22	Robert	Sargsyan
23	Pavel	Muzhikyan

3. Details of Chapter activities since last report

Since last summer The SPIE student members have taken an active part in the following International conferences:

- National Conference on Laser Physics (LP'2007), Ashtarak, Armenia
- Conference and Research Workshop: Perspectives on Nonlinear Dynamics, Trieste, Italy
- 4th International Workshop on Quantum Physics and Communication (QPC'2007), Dubna, Russia
- The Third International Conference "Distributed Computing and Grid-technologies in Science and Education"
- European Young Scientists on Quantum Information - 2007, Vienna, Austria
- Optics and Photonics-2007, San-Diego

Seminars (5) and meetings (6) held in YSU, LT-PYRKAL and IPR. Free Books Project were controlled by IPR members,

Collaboration with 7 student chapters attended in YOS (Young Opticians' School 2007) brought to good friendship among participants and activated their efforts, collaboration and discussions held during all the year. There were informal meetings in Yerevan, Moscow, Paris and also San Diego during Leadership workshop, plans for organization of YOC, YOS and other activity discussed.

One more step were done in enrollment of students in organizational work, so we've got good practice during Laser-Physics events, seminars, SPIE Free Books project, chapter's style design group, publicity and membership procedures, that looks fine, and of course, there is still details to work on.

SPIE Lounge in Facebook was pretty good idea to keep in touch all community. Events and discussions are really interesting and showing fresh viewpoints.

On July 7 were passed on-line elections of the office, and new staff is given in the top of the report.

4. Details of planned activities for the future.

Seminars, meetings are going to be traditional and one of most motivating activity. And we would like to try to make more efforts for this activity, we hope to make 2-3 a month.

Lunch of webpage planed for this year.

Presentations and demonstrations at schools (targeted to distant schools and universities).

One of our new plans is to preparation and printing booklets for students with description research groups and field of their researches of all Armenian Physical Institutes and Universities.

Record our seminars and build huge scientific archive of well known video-lectures, our records, digital libraries and other useful data.

Need for technical and financial support for printing of posters and publications for some members are realized. We want to determine this too.

Collaboration with other chapters achieved new level of friendship due to past organized YOM-YOS and work during this event, so the result is high effective and there is sense to continue this kind of events and this is one of our goals too.

5. Financial information.

- Beginning balance : 0
- Funds raised and expended (indicate amounts and source/destination) :
\$130 IPR/ Laser Physics conference attending,
\$270 YSU/ seminars, meetings, School Book project.
\$ 180 LT-PYRKAL /Membership support,
- Details of SPIE funding received : 0
- Other sources (please specify): Yerevan State Univ., Nat Acad, of Sci. LT-PYRKAL
- Ending balance : 30
